CTH Regio Zuid – INDIVIDUELE RITTEN 2021

De autorit is geheel individueel te rijden. Eventuele tussenstops kun je uiteraard op eigen gelegenheid maken. De rit wordt gereden volgens het (eenvoudige) bolletje-pijltje systeem. Verderop tref je een uitleg aan over het roadbook. Dit is opgemaakt met afstanden in zowel kilometers als mijlen. Je kunt gebruik maken van een tripmaster of een app wat deze functie heeft. Het is uiteraard niet noodzakelijk, zelf hoofdrekenen met de dagteller is ook mogelijk. De meeste routes hebben dezelfde start en finishplaats, zodat je ook tussendoor op elk willekeuring routepunt je eigen start of finish kunt invoegen.

Uitleg bolletje-pijltje

Simpel gesteld vertrek je bij het bolletje rijdt je in de richting van het pijltje. Het roadbook lees je van links naar rechts en van boven naar onder. De situaties zijn niet op schaal, maar worden zo nauwkeurig mogelijk getekend.

Elke situatie is genummerd en vermeld het aantal meters tot de volgende situatie alsmede het totaal van het afgelegde traject. De lijnen zijn de verharde wegen. Je vertrekt altijd bij het bolletje, welke in het voorbeeld *(situatie 2)* onderaan staat. De meters geven de afstand van het traject aan, in het voorbeeld van situatie 2 dus 2.700 meter tot aan de rotonde. Het pijltje geeft de richtingverandering *(rechtsaf)* aan. Dit kan ook wel eens rechtdoor zijn. Bijvoorbeeld in geval van een kruising van wegen. Het pijltje wijst dan rechtdoor terwijl het toch een benoemde richtingverandering is. Op het moment dat je volgens de situatie van richting veranderd bent, ga je direct naar het bolletje van het volgende situatie. Van hieruit begint het volgende traject dan weer.

In het Roadbook zijn alleen die situaties ingetekend die van belang zijn. Dus je kunt meerdere rotondes moeten oversteken en bochten moeten rijden, alvorens je het traject hebt voltooid. Hierbij volgt men altijd de doorgaande weg, tot het volgende traject wordt bereikt. Wij rijden alleen over verharde wegen; onverharde (zij)wegen dienen te worden genegeerd en zijn meestal ook niet ingetekend. Ook doodlopende straten moeten worden genegeerd.

Maar vooral, respecteer de verkeersregels en let op andere weggebruikers!

Veel plezier met de CTH autoritten 2021
